View of refurbished Parker Tower from Parker Street

NEWS

BNP Paribas Real Estate is redeveloping Parker Tower into much-needed housing, including affordable housing for local people. The demolition phase of the project will start later this year and will last approximately 8-9 months. This will be followed by the construction phase with the full programme due for completion in Summer 2017.

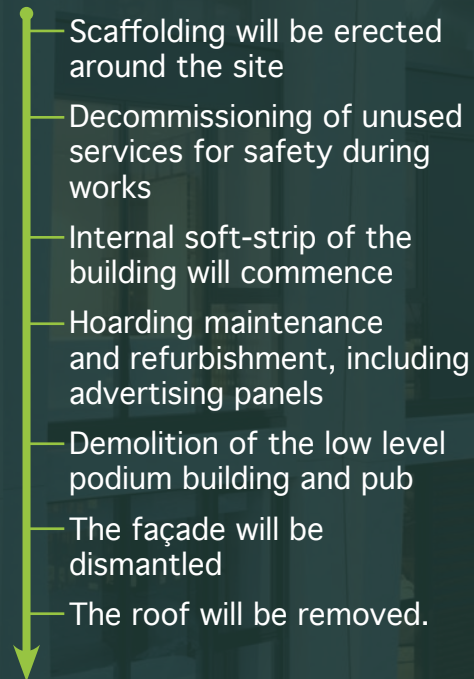

Syd Bishops and Son will be acting as the Principal Contractor for the demolition phase of the project. Syd Bishops and Sons is a family-owned demolition company who has worked with BNP Paribas on a number of projects across London, forging an excellent reputation for professional and safe work.

The Main Contractor for the construction phase will be announced soon.

Comm Comm UK will be delivering the community and stakeholder relations for the project.

Timeline – Our Works On Site

The implementation of the demolition phase will start in early 2016. We will continue to look at ways to keep the programme as short as possible.

- 
- Scaffolding will be erected around the site
 - Decommissioning of unused services for safety during works
 - Internal soft-strip of the building will commence
 - Hoarding maintenance and refurbishment, including advertising panels
 - Demolition of the low level podium building and pub
 - The façade will be dismantled
 - The roof will be removed.

Working Hours

- **Monday to Friday:** 8am-6pm
- **Saturday:** 8am-1pm (Quiet and internal works only)
- No working on **Sundays** or **public holidays**.

Considerate Constructors Scheme

We are part of the Considerate Constructors Scheme, which ensures the impact of building works on local communities is minimised. The Considerate Constructors Scheme is the national initiative set up by construction industry to improve its image. Construction sites and companies registered with the scheme are monitored against a Code of Considerate Practice, designed to encourage best practice.

Parker Tower Construction Liaison Group

The Parker Tower Construction Liaison Group has been established to consult and discuss details of the construction methodology with the local community. The Group meets on the last Thursday of the month at Dragon Hall on Stukeley Street from 6pm to 7pm.

If you would like more information or are interested in coming along please contact Jessica Stewart on 0207 1250 421 or 0800 7720 475.
